## Flooring

If your organization is planning to have a booth at an exhibit or trade show, you want to put your best foot forward. First impressions are lasting impressions. That means every part of your booth, including the exhibit booth floor, needs to be a perfect reflection of your organization.

We know how important it is to make your trade show or exhibit booth stand out. Whether you're going for a look that is elegant and upscale or fun and trendy, your exhibit booth flooring is the basis for the message you project about your organization.

## Underlay

Underlay acts as an insulator and absorbs shock whilst offering comfort and cushioning under your feet.

We offer a wide selection of flooring underlay including fibre underlay for carpet and foam underlay which is suitable for wood laminate and carpet.
